

Multifamily Energy Efficiency Services

Reduce energy costs • Improve cash flow • Increase tenant comfort

Project Overview

Through Green Madison (a City of Madison program), Project Home is bringing a unique, full-service approach to energy efficiency for building owners of multifamily buildings in Madison. This program simplifies the energy efficiency process with step-by-step help and practical, affordable solutions that will reduce utility and maintenance costs, improve cash flow, and increase tenant comfort.

Project Home will:

Eligibility

Services are available in the City of Madison for multifamily buildings of four or more units.

To Apply

These services are guaranteed for a limited time only! Call now to secure Energy Savings: 1.608.299.7050. Or, fill out an application for your multifamily building online: www.GreenMadison.org

Project Home is a local nonprofit that provides energy saving improvements, as well as health and safety related home repairs, to make a long-term impact for residents, neighborhoods, and communities in Dane and Green Counties.

Focus on Energy is Wisconsin utilities' statewide energy efficiency and renewable resource program. Since 2001, the program has worked with eligible Wisconsin residents and businesses to install cost-effective energy efficiency and renewable energy projects.

Simplify the energy efficiency process with step-by-step help from trusted partners.
